SKILLS

- **Languages:** C++, JAVA, JavaScript, C, HTML and CSS.
- **Frameworks:** AWS Cloudformation, Serverless framework.
- **Tools/Platforms:** MySQL, AWS, Docker, Kubernetes, Android Studio, Git, GitHub.
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability.

Training

- **Geeks For Geeks – Summer Training** Aug 2024
Data Structure of Algorithms With C++
About: Gained in-depth knowledge of fundamental and advanced data structures (arrays, linked lists, trees, graphs, etc.).
 - Implemented various algorithms (sorting, searching, dynamic programming, recursion, etc.) in C++.
 - Solved multiple coding problems on platforms like GeeksforGeeks and LeetCode.
 - Developed problem-solving and competitive programming skills.
 - Worked on real-world case studies and coding challenges.

PROJECTS

- **Cloud File Storage System (Lambda / S3) / REST API / Python/ Firebase)** Nov 2024
Developed a secure cloud-based file storage system using **AWS S3, Google Cloud Storage, Python (Flask), and Kotlin(Android)**.
 - Implemented a **REST API** for uploading and retrieving files using **pre-signed URLs**, ensuring secure access control.
 - Built an **Android app** for file selection and uploads, integrating **Firebase Storage** for seamless cloud storage.
 - Optimized storage management with **IAM roles, object ACLs, and AWS Lambda automation** for automatic file delete.
- **Cloud Storage Android App (Firebase Storage/ AWS S3/ Kotlin)** Jan 2024
Developed an Android application for secure cloud file storage using Kotlin and Firebase Storage / AWS S3.
 - The app allows users to select, upload, and retrieve files from cloud storage, ensuring seamless access across devices
 - Integrated Firebase Authentication for secure login and pre-signed URLs for controlled file access.
 - Implemented **upload progress tracking, real-time database updates, and UI optimizations** for a smooth user experience.

CERTIFICATES & CERTIFICATIONS

- Microsoft Certified: Azure Administrator Associate - Microsoft Apr 2025
- Social Networks - NPTEL Jun 2024
- Generative AI with Large Language Model - Coursera Apr 2024
- Programming in C++: A Hands-On Introduction - Coursera Mar 2024
- Prompt Engineering for Chat GPT - Coursera Feb 2024
- AWS Cloud Practitioner Essentials - AWS Nov 2023
- AWS Cloud Solution Architect - Udemy Sep 2023

ACHIEVEMENTS

- **Certificate of Merit – Excellent KHOZ Competition** Dec 2024
Centre for Professional Enhancement, Lovely Professional University
Awarded for securing Third Position in "Excellent KHOZ - A competitive event on memory checking" held on 5th September 2024.
Program: B.Tech in Computer Science and Engineering.

Education

- **Lovely Professional University** Since 2022 - Present
Bachelor of Technology in Computer Science - **CGPA - 6.00** Punjab , India
- **Govt Senior Secondary School (Multipurpose)** May 2022
Intermediate – Percentage – 80.4% Punjab , India
- **S. Atma Singh Public Sen. Sec. School** May 2020
Matriculation- **Percentage - 90.00** Punjab, India
